GO BEYOND THE CARD.

BE A PARTICIPATING BUSINESS IN THE CO-OP CONNECTIONS® PROGRAM

PARTNER WITH YOUR LOCAL ELECTRIC COOPERATIVE TO RECEIVE FREE BENEFITS FOR YOUR BUSINESS

Why should I participate in the program?

All Beltrami Electric Cooperative members are encouraged to shop at participating businesses through social media, our website and other communications materials. It's great free advertising for your business.

What are some features of the Co-op Connections program?

The program allows members to see participating businesses through the mobile app, print coupons straight from their phone or computer and receive deals from national and local businesses.

Where can I find a list of participating businesses?

Visit www.connections.coop to see all of the money saving deals and to shop online. The free mobile app uses GPS to pull nearby discounts. If you join, your business will be listed in both places.

How will customers show their coupon to receive the discount?

Beltrami Electric Cooperative members will show a plastic Co-op Connections card, print a coupon or display a digital card in the mobile app.

Will I receive signage in my business that says I'm a participating member of the program?

Yes, Beltrami Electric Cooperative will provide you with point of sale stickers and/or window clings that says "I'm a participating business."

Why are Beltrami Electric Cooperative members using the program?

Membership has benefits and this free program helps them save money on everyday expenses. From prescription discounts to meal & hotel deals, it's the One Card That Does It All®.

Is there a way to track how often my deal is being used?

Beltrami Electric Cooperative will provide you with a program login to see reports for your business so you can track redemptions, manage your offers and more.

Does it cost anything for my business to be a part of the program?

No. This a member benefit brought to you by Beltrami Electric Cooperative as part of our Commitment to Community.
