MN STATE ELECTRICAL INSPECTORS

Any time you or an electrician does wiring or other electrical work at your home or farm, Minnesota state law requires a state wiring inspector to conduct a proper inspection of the work. A rough-in inspection must be made before any wiring is covered. A final inspection is also required. Please visit www.dli.mn.org for more information. Inspectors can be reached weekday morning between 7 a.m. and 8:30 a.m.

GOPHER STATE ONE CALL

1-800-252-1166 or 811

www.gopherstateonecall.org

Anyone who plans to dig is required by law to notify the state of their intentions at least 48 hours in advance. All digging requires the 48-hour notification so that buried telephone line, television cable, pipelines, utility electric lines, municipal water and sewer lines can be located to ensure that none will be severed or damaged.

OUR MISSION STATEMENT

To provide excellent value to our members through the safe delivery of reliable electric service, excellent member service and innovative energy solutions at fair and reasonable prices.

This institution is an equal opportunity provider and employer.

ELENA HARMSSEN

**CO-OP YOUTH TOUR
June 13-18, 2023**

I am so thankful for this Rural Electric Youth Tour experience from Beltrami Electric. This experience was phenomenal. The National Mall stood out to me the most because I've seen the Washington Monument, Lincoln Memorial and Tidal Pool before in movies and photos, but seeing it in person had much more of an impact. The Library of Congress was my favorite place because of the architecture and decor. It was the most beautiful building I've ever seen.

We also had a chance to speak with our Minnesota senators and representatives. I was able to learn about the reasons why some chose to become involved in politics, and how they advocate for their constituents. It was interesting to see the range of personalities and the ability to communicate their ideas with others.

I was also able to learn more about electric cooperatives and their mission to deliver broadband (high-speed internet access) to all rural areas.

Besides learning and sightseeing, I also became very close with my roommate and met kids from all over the nation. Our chaperones made sure we were safe and enjoyed ourselves. I am so thankful for Gayle and all she did to organize the trip. I am also so thankful for Beltrami Electric for providing this opportunity. This experience provides a chance for kids to explore our nation's capital, learn more about electric cooperatives and our lawmakers, and create connections with kids from all around the country.

Elena Harmsen, Bemidji
